BUSINESS LINE OF CREDIT

A business line of credit is a flexible financing option that allows businesses to borrow funds as needed, similar to a credit card. Interest is paid only on the borrowed amount, and funds can be used for various purposes like managing cash flow or covering unexpected expenses. Once repaid, the credit becomes available again, making it a revolving form of credit that can be accessed repeatedly.

BENEFITS

- Same Day Funding
- Cash Flow Management
- Flexible Repayment Terms
- Interest Only Paid On Amount Used
- Amounts Up To \$5 Million
